PULBOROUGH COMPUTER CLUB
http://www.pcclub.org.uk

WHAT WE DO

We try to encourage, inform and entertain home computer users of all levels through tutorials and question and answer sessions. A typical meeting consists of:

- A Tutorial - the range of topics is wide as can be seen from the calendar on our website. As we are a self-help club, the talks are often provided by the members themselves, although we do also have guest speakers.

- Refreshment Break - a time to chat and socialise with other members.

- A Question and Answer Session - a chance to ask that computer question that's been nagging you for the past few weeks. We usually have a 'Expert' Panel to lead the session, but any member may contribute to the discussion.

WHERE AND WHEN WE MEET

Pulborough Village Hall on the 1st Tuesday of the month for a prompt 7:30pm start. We finish about 9:40pm. The meeting fee is £1 for members (£2 for visitors).

WHAT TO DO NEXT

Check out the club's website for more information, pick a meeting that interests you from the Calendar, and come along.

On arrival, please introduce yourself to our Chairman, or our Treasurer, John Banks.
